LANDKREIS AURICH

DEAR FUTURE AND YOUNG PARENTS,

You and your children are most welcome by the child- and family-friendly administrative district Aurich!

And now the time has come – the adventure of being a parent begins!

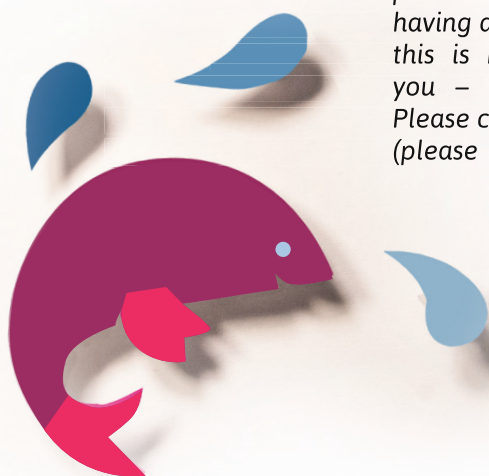

The start into a life with a baby is the beginning of a completely new phase of life for you. Probably two hearts beat in your chest – on the one hand you are extremely happy to hold your baby in your arms after such a long time of waiting. On the other hand you have perhaps sometime an unpleasant feeling if you think of the responsibility you now bear.

It is quite normal that you worry and have a lot of questions. But with each challenge mastered you will become more and more an expert for your child.

To support you in this task, there is the information service for parents "Bi D' Hand" of the Office for Children, Youth and Family Support which addresses to all newborn babies and their families in the administrative district Aurich.

Moreover the information service for parents wants to present you a high-quality welcome gift. This can also be given to you either in the information office for

parents (UEK Aurich) after having arranged a date or – if this is more convenient for you – at your own home. Please contact our employees (please see below).
